

Keystone Picnic Soft Seating

Features

The Picnic range provides wide, spacious spaces for individual work or "duo" workstyles where people can work side-by-side for spontaneous collaboration for 4-8 (bench) or 4-6 (table) users. Suitable for assigned seating or for mobile team members who need a spot to work but don't require a dedicated space. Add short walls between the desks for more privacy. Seating can provide additional collaborative or drop-in meeting areas for managerial staff. The soft, upholstered walls absorb noise common in today's open-plan office and provide shelter from both visual and acoustic distractions.

Specifications

- Includes world-leading Phonix™ nanofibre technology for superior acoustic performance
