

Hotbox 1

Hotbox 2

Features

Ideal for quick collaborative working in and around any office location, Hotbox is the solution for agile workers who need to be organised whilst constantly in motion. Moving from one space to another will be a much easier task - and definitely less stress-inducing.

Just a fraction larger than an A4 piece of paper, Hotbox 1 is the first Hotbox to come in a series of block colours – which are all fully recyclable. Hotbox 2 not only includes an integrated whiteboard, you can also store everything from your laptop, iPad, stationery, photographs, even the tiny cactus you have gradually bonded with.
