

Features

Sit back and relax... Nook is a generous and comfortable chair for hotel lobbies, lounge zones and waiting areas. A cosy chair that is also suitable as a stylish element in office design. Thanks to the PET Felt technology, the Nook offers a quiet place to work or read. Put a couple of them together and you can create a space to relax or to mingle. The Nook PET Felt Lounge Chair is a true eye-catcher. This piece of office furniture is also highly customisable. There are endless bespoke options in shell, cushion upholstery and the frame
