

Features

Our team at BFG have developed our very own Sanitising station to help stop the spread of germs in your workplace through maintaining effective hygiene standards. Our stations are available in 2 sizes and consist of a cut out for a bin to sit below, hand towel dispenser and a sanitiser dispenser unit. Constructed of moisture resistant melteca, simple design with a Scandinavian aesthetic the Sanitising Station can easily fit into any environment. Available in 2 colours - Black and White with a ply edge finish.
