

# Hazel Chair/Stool

## Features

Hazel, embodies the naturalness of wood to modern spaces; Hazel chair and stool series designed by B&T Design team are occupying interiors where elegant and sophisticated lines are dominant.

Composed of a classic chair, Hazel combines different textures with a wooden back and upholstered seat. Produced in the most suitable combination for the interior with materials in the B&T Design's catalogue, the chairs can be preferred in dining rooms of houses, as well as in social areas like hotels and restaurants.
