

Keystone Table One, Two & Petit Four

Features

Table for One, Two & Petit Four is a destination touch-down point which offers privacy for individual focused work. Suitable for mobile team members who need a spot to work but don't require a dedicated desk.

The soft, upholstered walls absorb noise common in today's open-plan office and provide shelter from both visual and acoustic distractions.

Can be scaled up or down, depending on your requirements. The shared wall system results in cost savings, the pod can also be adjusted to create a left or right opening.
